

Register for free Magellan events for National Depression and Mental Health Awareness and Screening Month

For National Depression and Mental Health Awareness and Screening Month in October and throughout the year, Magellan is committed to increasing awareness about depression, mental health more broadly and the importance of mental health screening in primary care settings and beyond. We encourage you to use and share these free resources with family, friends and colleagues.

Hype or Hip? Recovery and Peers in the Digital Age Wednesday, October 27, 2021 | 10:00-11:30AM

This webinar will raise awareness of digital health technologies, address health disparities in the digital tech space and enable professionals to promote digital health literacy to support people in accessing and using technology for their recovery journey.
